Dear(10)(2e)

Via KOTRA (some sort of Korean RVO) we received a list of Korean companies that make hand sanitizers. Please see excel sheet. The zip-file contains more info about these companies.

Via a good contact at (10)(1c) International, (10)(2e) received a contact of another company that can deliver hand sanitizers. For more information, please see the attached pdf-file.

Please let us know if we should undertake any action to any of these companies.

Regards,
(10)(2e)
