

Opening up borders

- Current local state of epidemic
- Measures + health capacity in place?
- State of Epidemic in contact countries

Differentiation

- virtually no risk: “local” (Bon/SXE/SAB)
- Low risk : NL / Western Europe/ OTHERS
- High risk: USA/ Lat America (Col/ Brazil)

Land	Populatie ('18-'19)	Daily case (7-day average)	Daily case (7-day average/100k)	Positivity rate (7 day average)	Epicurve

Datum: 21-06-2020

Low Risk : NL/Western Europe (?)
No Quarantine Requirements Pre boarding

- PCR-test
- Insurance
- Health questionnaire + Travel history (on line)

Low Risk : NL/Western Europe No Quarantine What to do?

- Info sheet pax:
 - Masks
 - Social distancing
 - Hand hygiene
 - No mass events/ gatherings
 - Focus on outside events/ activities

- Posters
- Info sheets hotels/ restaurants / bars/ politur: training
- App
- Health alert card
- NB: All activities by reservation with all names of accompanying persons (for possible contact tracing!)

Testing

- Low threshold testing: Personnel & Tourists
- PM: if positive: isolation!!
- In that case: Guests remains in the room/ protocol for cleaning/ changing sheets & towels/ roomservice.

What if?

- What is the procedure when someone gets sick?
Stay home/ test/ isolate?
- Is there an arrangement with a GP for the Hotel?
- I saw a staff / other tourists not implementing certain protocols, what do I do?
aanspreken
- How will I know that the places I visit have adhered to protocols so that I stay safe?
sign, but focus on self!

Questions 2

- Why can't I visit the pool whenever I want?
Social distancing/ for your protection!
- Why isn't the staff wearing gloves?
false sense of security, might be counterproductive /follow guidelines
- Why can I not receive daily housekeeping services?
- Why should I wear a mask if you are not wearing one?

Questions 3

- Why is my Room Service Order left outside and not brought inside the room?
- I just sanitized my hands. Why should I sanitize my hands again?
- Why is my luggage sprayed? I have an expensive suitcase and would rather it not being sprayed.
