Good question. The sentence states there is a difference, but I donnot understand/see the difference as it is stated now.

Thank you, (10)(2e)

Just one quick question, why did highlight that specific sentence in (10)(2e)'s document?

Dear (10)(2e),

I hereby send a first version of the summary. My colleagues are still checking it before we send it off to all the participants but I think you can already use this to make a story.

A quote from me:

"It was a challenge to organize our first workshop for the Joint Action using a digital platform in the midst of the COVID-19 outbreak. Yet, I would like to thank all of our participants for their patience and their willingness to share their experiences regarding multisectoral collaboration during public health emergencies. The information gained was enriching and provided new input for the continuation of the WP6."

Best regards,

Hi (10)(2e)

Great to hear your well, things are great here too 😊

There's no real set time but as soon as you can get it to us that would be great. Maybe if we could aim for mid-July that might be quite nice to have something new to put up around then (Even if it's just some key point I can flesh out into a story and a quote from yourself)

Many thanks,

Hi (10)(2e)

Hope you're well.

I was just wondering if you happened to have any notes or key actions/ takeaways from the meeting held back in April.

I'm hoping to do a sort write up for the website, so any information you could provide would be really useful. Also if you wanted to provide a quote it would help give it more of a human element.

Look forward to hearing from you and hope you're staying well during these most challenging of times.

Best wishes,

(10)(2e)
