[Order Form-template.xlsx](#)

Dear HSC colleagues,

Further to our e-mail from Friday 14 Aug regarding the next instalment of Veklury, Gilead is still confirming the possibilities to send vials this week. In order to confirm that you would like to receive a 2<sup>nd</sup> instalment of Veklury, please complete the attached order form with the shipping address, the site contact and the Member State contact information. Please note that all information about Veklury provided in the "information note" shared with you before sending the 1<sup>st</sup> instalment also applies to this shipment.

Please return the attached form to the 5.1.2e @ec.europa.eu mailbox by Thu 19/8 close of business.

The distribution of the available vials will again follow the allocation key developed by the ECDC, taking the recent number of hospitalized COVID-19 patients into consideration.

Kind regards,

5.1.2e
