Subject: IABS COMMUNICATION TO BE SHARED WITH ADVAC ALUMNI

Dear ADVAC Alumni, ADVAC Lecturers and other interested participants,

We have been requested by the IABS Scientific Secretariat to share the below message with you.

Should you have any questions with regard to this webinar, please contact the IABS Scientific Secretariat directly (email: [redacted] 5.1.2e @iabs.org).

Best regards,

[redacted] 5.1.2e

\*\*\*\*\*

Greetings,

We do hope that you are staying healthy and safe.!

SARS-CoV-2 UPDATE

IABS is organizing an update to the webinar which took place in May that provided insight into what was known at that point in time about SARS-CoV-2: the epidemiology worldwide; the disease from an immunology viewpoint and the development of vaccines against the virus.

This SARS-CoV-2 update will be organized on *Friday, October 16th from 14 :00-16 :00 CEST*. The experts who participated in the first webinar have accepted once again to share what they have learned about the virus since the May webinar.

The experts:

- [redacted] 5.1.2e [redacted] 5.1.2e, [redacted] 5.1.2e Institut Pasteur
- [redacted] 5.1.2e University Claude Bernard Lyon and Director of the research laboratory, VirPath

- [REDACTED] 5.1.2e Université Libre de Bruxelles
- Dr. [REDACTED] 5.1.2e

The SARS-CoV-2 UPDATE is supported by, among others, the Wellcome Trust, CR2O, hVIVO, and Seqirus.

As with the first webinar, you must register for this update. Please use this link: <https://www.iabs.org/october-16th-sars-cov-2-update-webinar> and share it with your colleagues and contacts.

We look forward to your participation. In the meantime, please do let us know if you have any questions or comments.

With kind regards,

On behalf of [REDACTED] 5.1.2e *IABS Human Vaccine Committee*
