Dear all,

Many thanks for your participation in the Communication working group yesterday, 23/09.
Please find attached the minutes and chat of the meeting. Also available, as well as other documents, in the [Confluence page](#).

We are currently checking that each of you has access to this page and can have editing rights.

We remind you that the access follows a two-step approach

- EU Login with 2 factor authentication is required (please follow the attached tutorial in case of doubts)
Since permissions are granted to each individual user, please send us your access requests (by replying to this email).

You will see that there is a specific section where each Member State can upload or input text/links/documents respected to its own communications activities.

As we saw yesterday, the exchange of information is extremely important and useful, so we are warmly encouraging you to share information there.

As announced during the meeting, you will receive the last update of the "key messages" in the coming days.
Other updates will follow soon.

We thank you for the collaboration and remain at disposal for any question.

Kind regards,

The eHealth Network Secretariat

European Commission
Directorate-General for Health and Food Safety
Unit B3 - European Reference Networks and Digital Health
Rue Breydel 4 – B232 8/004
1049 Brussels/Belgium
