## Start of Week Report 9/21/20

### **Key Deliverables:**

- 171 active cases of COVID identified on the island.
- Patient census: 2

### **Staff Deployment:**

- We currently have 34 personnel working at CMC throughout multiple departments which includes ICU, ER, OR, and NICU.
  - The staff breakdown is as follows:
    - 2 physicians
    - 1 physicians assistants
    - 30 ICU RNs
    - 1 team lead

### **Risks/Issues**

- A number of CMC providers have tested positive for COVID. Resulting in many of their providers having to quarantine.
- CMC unhappy with terminations that were deemed necessary.

### **Progress:**

- (1) MD to transfer from Aruba – currently awaiting COVID results
- (1) MD arriving today.
- (3) RNs to arrive by end of week.
