**Subject:** FW: Thoughts and feedback on data in Covid19 Data portal  
**Received:** Tue 9/1/2020 1:58:24 PM

Hi [REDACTED]

Ik heb binnenkort een videoconference met EBI, waarin zij feedback vragen over de Covid-19 dataportal die ze aan het opbouwen zijn (zie mail hieronder).

Het streven is om via deze portal zoveel mogelijk relevante datasets, tools en literatuur rond Covid-19 te ontsluiten en te koppelen.

Mochten jullie er aan toekomen, zouden jullie dan eens kunnen kijken of dit additionele waarde heeft voor jullie of wat je nog mist? En dat dan naar mij terugkoppelen?

Ik zal in ieder geval de drag-and-drop data submission tool gaan testen.

En [REDACTED], [REDACTED] en ik zijn natuurlijk betrokken bij de ontwikkeling van de datahub.

Groeten,

[REDACTED]

---

**Subject:** Thoughts and feedback on data in Covid19 Data portal

Dear [REDACTED]

I am getting in touch as part of the Covid19 Data Portal team here at EMBL-EBI. [REDACTED] suggested we reach out to you. I wonder if you could help us with some feedback on <https://www.covid19dataportal.org/>. As we plan our next steps of improvement, we are organising interviews with researchers working with data relevant to Covid-19, so that we can plan further work on the portal. If you, or probably somebody suitable from your team who is directly working with COVID-19 data, would like to share thoughts and feedback on the presentation and usability of the data, we would love to hear from you! The interviews we propose (informal chats about your needs and feedback) will take around **an hour**, and will happen over videoconferencing, in the first **two weeks of September**.

In case you would like to participate, please email me back and we can find a suitable time.

I hope you would be able to help guide our future development. Thanks in advance for your precious time, and please get back to me with any questions, or if you cannot make any of the proposed times! Kind regards,

[REDACTED]
