Hoi [redacted]

Sinds 1 november loopt PHIRI: de Population Health Information Research Infrastructure for COVID-19 (41 partners in 30 landen, veel NPFI's betrokken).
Zie de website (in ontwikkeling) voor meer informatie: <https://www.phiri.eu/>.

We leiden zelf een werkpakket over Foresight (WP9), zie onderstaande plaatje.

Maar nu mail ik je over WP8.
Daarin komen de landen om de week op maandag bij elkaar om informatie uit te wisselen, behoefte-gestuurd.
Als je een vraag hebt, kun je die indienen en dan geven andere landen er antwoord op.

Dit is in het begin van de pandemie al enigszins provisorisch opgezet in de Joint Action on Health Information (InfAct), en wordt nu in dit project wat verder/professioneler uitgewerkt.
Vragen tot nu toe gingen bijv. over back-to-school policy, systems for contact tracing, testing at airports, counting of COVID-19 deaths, vaccine prioritization lists.
De vragen komen meestal enkele dagen voor de meeting beschikbaar. Ze worden dan door de landen in de meeting beantwoord of ervoor/erna via mail.

MIJN VRAAG AAN JOU: Ik zou hiervoor graag een sparring partner willen bij CIB. Weet jij iemand?
Veel info kan ik zelf opzoeken via rivm.nl of rijksoverheid.nl... maar niet alles. En wellicht zit er voor CIB ook interessante informatie tussen – hoewel er natuurlijk eigen kanalen van informatie-uitwisseling zijn, dat snap ik wel.

Ik voeg ter illustratie nog een aanvulling van Noorwegen toe op vragen over counting of Rapid Antigen Tests.
Are negative tests captured too? Are they included with the number of tests reported to ECDC on TESSy? Are cases detected on Rapid Antigen Tests included in the case notification numbers?

Hartelijke groet,

Meeting Code & General Information

Please note the configuration/access for integrated/external camera and loudspeaker/microphone or headset. You can get in to test your equipment 15 minutes before the meeting starts.

1. Set your microphone to "mute" at the beginning of the meeting.

2. Avoid background noise and/or activate your microphone only when you are at the floor. Speak clearly, slowly and distinctly at a normal volume
3. Disconnect when the meeting has been declared over by the chairpersons.
4. If you have any problems (including during the meeting), contact [Name, e-mail address and/or phone number, if applicable] or use the chat feature.
5. If the connection is interrupted during the meeting for technical reasons, we will send a new link via the invitation distribution list.

By participating in this WebEx meeting, you acknowledge that the information you provide, including, but not limited to, first name, last name, title and email address, will be provided to WebEx for processing in accordance with their privacy policy. Gesundheit Österreich GmbH stores the information provided for the WebEx meeting, in particular your e-mail address, exclusively for the duration of the meeting.

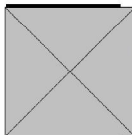

You are basically entitled to the rights of information, correction, deletion, restriction, data transferability and objection. See Chapter III EU-DSG-VO Rights of the person concerned (<https://www.datenschutz-grundverordnung.eu/>).

This WebEx service offers a function for recording audio data and documents or other materials exchanged or displayed during the meeting. The moderator of the meeting will explicitly inform all participants before using this function. You may object to such a recording at any time. Then you can decide together whether to refrain from recording or whether you prefer not to participate in the session. Please note that such recordings can be used as evidence in case of a legal dispute.

If you have any questions about this, please contact 6.1.2@goeg.at.
