Hi [redacted] 5.1.2e

Eerder was bekend dat er in maart 241.200 doses komen. Dit aantal is ongewijzigd gebleven. Er komen er echter 96.000 in week 11 binnen en 145.200 in week 13.

We slaan dus een extra week over.

Daarnaast is een voorbehoud afgegeven:

The estimated schedule is contingent on the regulatory approval by EMA of the additional Drug Substance production line at Moderna's manufacturing partner, currently anticipated to be granted by mid-March.
