**Onderwerp:** Certificate for recovered persons COVID-19 for comments

Dear Members of the Health Security Committee,  
Dear colleagues,

Regarding the topic of certificate for recovered persons of COVID-19, please find attached *ECDC Opinion on documentation needed for exemptions from testing in relation to air travel for patients recovered from COVID-19*, discussed at the last HSC meeting.

We would like to ask for your:

- comments on the document, in particular concerning information on national practices
- opinion on a possible common approach for a **EU medical certificate to attest the full recovery of confirmed patients**.

Please send us your reply by Monday, 15 February, noting that the document is **not for wide distribution**.

Kind regards,

HSC Secretariat
