Hoi,

Ik ben er niet bij maar heb wat opmerkingen bij de tekst geplaatst. Ik denk ook dat we het moeten doen maar dan moet wel duidelijk zijn wat we gaan doen.

Dear all,

ECDC wants to extend our sero study contract with an extra deliverable for [REDACTED]. This is a great deliverable as we were having plans in that direction anyways and this way we also have access to a range of samples to do so.

I would like to discuss this, also with regard to needed capacity. For the money we can hire extra personnel but can we find them (need to do bsI3 work etc.).

It is an excellent opportunity but we need to be sure that we can do it. I'll try to plan a meeting asap because the signing of the whole contract is waiting for this amendment.

cheers [REDACTED]

Hi [REDACTED]

I just had a look. Do you want to call about it? Then I can draft a reply. Seems unrealistic to me that we would get high sample numbers...

Best,

Dea 5.1.2e and 5.1.2e

Please find attached the *draft* for the amendment deliverables to the contract.

Happy to have your scientific view to this, what would be most helpful in Europe in the current situation, so please feel free to revise, where you see a need.

Also, your assessment of your capacities to take this on, i.e. the specimen numbers would be helpful, so that the amendment is realistic from the beginning.

Kind regards,

Dear 5.1.2e dear all,

Please find enclosed the minutes of the kick-off meeting from Thursday, for your review.

Both presentations (one from ECDC and one from RIVM) are also included at the end of the document.

Best wishes,
