Anonymous Identification
of Tested & Vaccinated Individuals

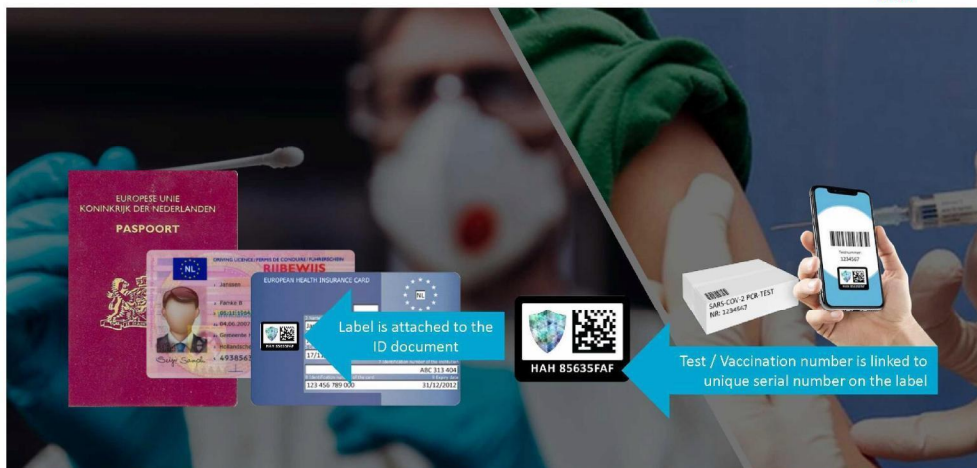

ANONYMOUS IDENTIFICATION OF TESTED & VACCINATED INDIVIDUALS

- Official photo ID is marked with 100% tamper proof label.
- Test/Vaccination status is being checked with free App on any smartphone.
- Status can be managed flexibly by authorities.
- Completely anonymous - no direct link to an individual - GDPR compliant.

#1 APPLYING THE LABEL DURING TESTING / VACCINATION

#2 EASY ENTRY OF TEST RESULT/VACCINATION

Web portal for Health Authorities, Doctors or Laboratories
(also available as smartphone version)

Please insert testing number:

1234567

Confirm

1) Insert testing number

Testing Number: 123456
Date: 18.01.2021

Please insert test result:

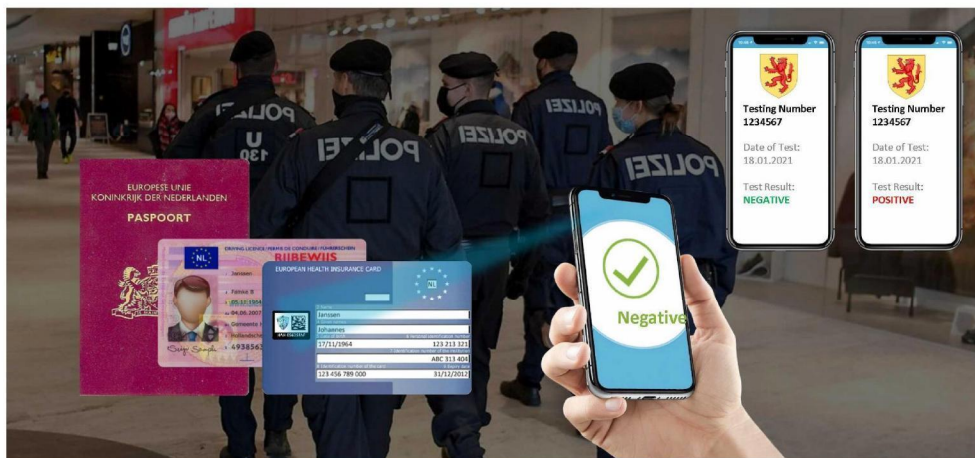

Negative

Positive

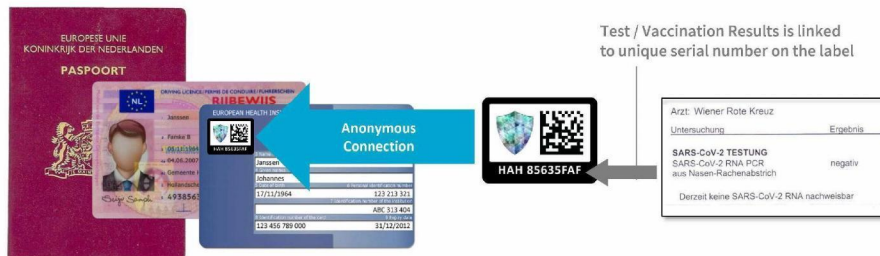

New Test Confirm

2) Insert test results and confirm

#3 EASY CHECKING WITH FREE APP / SMARTPHONE

IMPORTANT: THE SOLUTION IS ANONYMOUS AND 100% GDPR COMPLIANT

SECURITY LABEL IS LINKED TO A PERSON ONLY THROUGH PHYSICAL APPLICATION.

Since there is no digital link between personal data and test information, the link is anonymous, GDPR compliant and cannot be hacked.

ADVANTAGES

- Can be tested anonymously by any person with freely available smartphone app
- Test/vaccination status can be managed flexibly by authorities
- Anonymous and 100% GDPR compliant (due to the physical only connection)
- Security label cannot be counterfeited (100% secure, banking grade security)
- Security label is destroyed when removed
- Can be quickly integrated into existing processes
- Can be rolled out within 14 days after order placement
