Dear Sir / Madam,

RIVM National Institute for Public Health and the Environment has a central role in infectious disease control and national prevention and population screening programmes. We conduct independent (scientific) research in the field of Public Health, Health Services, Environmental Safety and Security.

The content of this parcel contains samples for DIAGNOSTIC PURPOSES only. It contains deactivated SARS-CoV-2 material, INACTIVATED such that this no longer pose a health risk, does NOT contain infectious substances, and is NOT contagious.

Sincerely,
