Ik heb de onderdelen patient monitoring equipment en anaesthetic equipment getoetst bij CZ en daar hebben we geen tekorten meer. Daar kunnen we dus nee invullen.

Hoi [redacted]

Heb jij deze voorbij zien komen? Ik zie deze nu voor het eerst. We moeten morgen aangeven voor welke producten we interesse zouden hebben in een nieuwe JP. Zou jij binnen GMT kunnen nagaan of er interesse is in één van deze producten. Voor tests ga ik dit nog na bij het testteam

Groet [redacted]

Dear Joint Procurement Agreement Steering Committee,

Following the consultation on the potential new joint procurements, the compiled results have been uploaded on [Circabc of the Steering Committee of the Joint Procurement Agreement > Library > Consultation on new COVID-19 JPs](#).

We would like to thank all the countries that have replied for their valuable input and kindly ask to verify if their potential interest is accurately reflected in the table on Circabc (see above).

Where the replies are awaited, we would like to kindly ask you to reply by **tomorrow, 4 August at noon CET**. (In case of no reply, it

will be understood as a potential "no"). (Please ignore this message if you have already submitted your feedback.)

Once we collect all the answers we can make a complete analysis and consider further steps, including a possibility to open the existing contracts for the use of other countries that are currently not parties to those countries should all the current contracting parties agree (the contracting authorities and the contractor(s)).

Kind regards,
