

Data collection on outbreaks in occupational settings

Instructions:

Outbreak-based data:

Please fill in the table below information for each of the outbreak you have observed in any occupational setting.

If you have observed >5 outbreaks in a particular setting, you **DO NOT** need to list all these outbreaks into the table below, but instead you can **add the information into the aggregated data sheet ("2. AggregateByOutbreak")**.

Outbreak ID	Country <i>please select from drop down list</i>	Region/city	Date of cluster identification <i>date (dd/mm/yy or mm/yy)</i>	Setting <i>please select from drop down list</i>	Other settings
-------------	---	-------------	---	---	----------------

1	Netherlands	Gelderland	May-20	Food processing plant	
2	Netherlands	Gelderland	May-20	Food processing plant	
3	Netherlands	Noord Brabant	May-20	Food processing plant	
4	Netherlands	Noord Brabant	May-20	Food processing plant	
5	Netherlands	Utrecht	May-20	Food processing plant	
6	Netherlands	Gelderland	Jun-20	Food processing plant	
7	Netherlands	Gelderland	May-20	Other (please specify in next column)	Packaging, transport e
8	Netherlands	Zuid Holland		Other (please specify in next column)	Fruit cultivation
9	Netherlands	Gelderland	May-20	Other (please specify in next column)	Bakery
