Onderwerp: Codex Secretariat update on coronavirus in China and Codex meetings

Codex Secretariat update on coronavirus in China and Codex meetings

Message sent to CCFA registered delegates on behalf of Tom Heilandt, Codex Secretary

Dear (10)(2e)

The Codex Secretariat has been monitoring the current situation in China regarding the outbreak of coronavirus via WHO daily updates and the advice from the International Health Regulations (2005) Emergency Committee. Codex is also consulting closely with the Chinese authorities via the Codex Committee on Food Additives (CCFA) Host Secretariat.

Codex will continue to monitor the situation throughout this week and any decision to be taken regarding the planned session of CCFA from 2 to 6 March 2020 in Lanzhou will be evaluated and communicated as soon as it has been made.

Codex Secretary
