[COVID-19 weekly surveillance report.pdf](#)

Beste collega's,

Hierbij informatie over internationale berichten die binnen zijn gekomen op 12-09-2020.

- WHO: COVID-19 weekly surveillance report. Data for the week of 31 August - 6 September 2020 (Epi week 36).
- EWRS stijging aantal gevallen in UK: As of 9 am on 11 September there were 3,539 new cases reported in the UK, taking the cases to a total of 361,677. As of 5 pm on 10 September there were 6 new deaths reported, and a total of 41,614 deaths in the UK.
- EWRS Italië: On the website of Italian National Institute of Health (ISS) - <https://www.iss.it/web/iss-en> - is available the document "Operational guidance for the management of SARS-CoV-2 cases and outbreaks in schools and kindergartens".
 This document, in anticipation of the reopening of schools in Italy (September 2020), released also as a circular letter do the MoH, is aimed at providing a practical support to policy makers, workers in schools and the staff of prevention departments of local health units involved in the monitoring and response to suspect/probable/confirmed cases of COVID-19, and involved in prevention strategies at community level.
 The document translated in English is available at the following link:
https://www.iss.it/documents/20126/0/Rapporto+ISS+COVID+n.+58_Rev+EN+%281%29.pdf/8b382934-3d17-6ca5-eae9-2cf93759573b?t=1598977889841
- RTR: The five countries reporting most new cases are: India (97 570), United States (48 061), Brazil (43 718), Spain (12 183) and Argentina (11 905). The five countries reporting most new deaths are: United States (1 227), India (1 201), Brazil (874), Mexico (534) and Argentina (281).

Met vriendelijke groeten,
