Dear (10)(2e)

Three points from my side:

- 1) I think we should make sure that V Rijn is aware of the fact that there are already Dutch patients treated in NRW – even though this was most likely not coordinated by his Ministry. There are the news of the 2 patients from Zwolle being in Münster and in the list that reached us yesterday via the German Embassy there are 4 patients that have been transferred to NRW (Essen, 2xKrefeld, Bochum) since 31.3. (so after their first talk). That would be a total of 6 in NRW. But (10)(2e) and (10)(2e) might have better information on this.
- 2) Still no reaction from (10)(2e) and (10)(2e) from the NRW Ministry of Health on our draft.
- 3) (10)(2e) from the CG said that there was going to be a press-conference by Laumann yesterday. But when asked later, he also did not know when. I did not see anything on the news nor find it on the internet. I will ask (10)(2e) again, or you just skip this part.

Best,

(10)(2e)
