Dear (10)(2e),

In general, medical materials are in short supply. However, situation differs item by item.

Could you tell me "facemask" means

- surgical masks,
- N95 masks or
- Face guard or shield?

Dear (10)(2e),

I hope you are doing well in this difficult time.

Thank you very much for your advice the other day with regard to the ventilators.

Allow me to contact you again with a different matter.

The Netherlands Government is looking for foreign suppliers of facemasks.

We understand they are still in short supply in Japan, therefore, it may be difficult to deliver them to other country.

Would you have any suggestions on what we should do about it?

If you think it worth approaching individual companies from us, please give us the names of domestic suppliers/manufacturers if you don't mind.

W0193sorry for bothering you again.
Your suggestions are highly appreciated.
