Netherlands Embassy
Dear Ms. (10)(2e) (10)(2e)

My name is (10)(2e) (10)(2e) . I work at the Netherlands Embassy in Seoul. We just talked over the telephone.

As I mentioned, the CIBG Health and Youth Care Inspectorate in Netherlands urgently wants to buy Propofol from the Korean company door (10)(1c) Pharmaceutical. The Netherlands is in short supply. They are using a lot (many patients and many patients are somewhat overweight), and the regular channels in Europe cannot supply enough.

Both parties have come to an agreement. However, this product from (10)(1c) is not registered in the Netherlands. In an email from (10)(1c) to the Netherlands (please see below) it says that Ms.(10)(2e) has said that in order to make this urgent delivery, the Netherlands has to send a note to Ms.(10)(2e) I hope that Ms.(10)(2e) received it. If not please see attachment.

Dongkook also said that Ms.(10)(2e) would like to have some explanation form a person from the Netherlands Embassy in Seoul. This is the reason why I was calling. The Netherlands needs Propofol urgently.

Could you have a look at the attachment and this email? Could you discuss this with Ms.(10)(2e) I hope we can work together to get these medicine urgently to the Netherlands, where it is highly needed. If you have any question, please call me on my mobile phone at (10)(2e)

Best regards,
(10)(2e) (10)(2e) .

(10)(2e) (10)(2e)
Senior Officer (10)(2e)
Embassy of the Kingdom of the Netherlands

Email from (10)(1c) to CIBG Health and Youth Care Inspectorate in Netherlands

Dear Dr. (10)(2e) (10)(2e),

Thank you for considering our product for use in The Netherlands.

We are honored.

Thanks for your support, we submitted the Letter of No Objection (LONO) issued by CIBG Health and Youth Care Inspectorate to receive export permit of propofol injection.

The person in charge (Mrs. (10)(2e)) of Narcotics Policy Division in Ministry of Food and Drug safety noticed that the issuing date of LONO is April 8, 2019.

We need this corrected to April 8, 2020. Everything else is OK and Mrs. (10)(2e) understands that this is just a typo.

Meanwhile, there is one more issue that we need your help.

Because our product is not registered in The Netherlands, Mrs. (10)(2e) says that there has to be a notice coming through an official route for urgent orders like this.

That is, CIBG or the government of The Netherlands itself has to notice our Narcotics Policy Division directly or via The Embassy of The Netherlands in Korea.

A purchase order from a private company like OFICHEM or FARMASERVICE HZ is not enough according to Mrs. (10)(2e). She just wants make sure everything is clarified.

Sorry for the inconvenience but please send a letter to Mrs. (10)(2e) explaining that you need our products.

Also please contact relevant person in the Embassy of The Netherlands and tell him/her to contact Mrs. (10)(2e) and explain that The Netherlands needs our products as soon as possible.

With your help, everything will be clear and we will be able to get export permit in a short time.

Contact details of Mrs. (10)(2e) are as follows:

Mrs. (10)(2e)

Narcotics Policy Division of Ministry of Food and Drug Safety

Tel. number: (10)(2e)

email: (10)(2e) @korea.kr

Once again thank you for your support.
