Subject: RE: Priority request on producers of surgical gloves

Dear (10)(2e)

Thank you so very much for this detailed feedback about the suppliers in Vietnam. We will pass on your e-mail in its entirety to the procurement body for Dutch Hospitals, the Landelijk Consortium Hulpmiddelen (LCH). I will put you in copy on that e-mail.

It is also very good to know that Vietnam itself is also importing gloves, as this may limit the supply potential from Vietnamese suppliers for the Dutch government. I will point this out when forwarding to LCH.

Do you know if at this time any export restrictions for personal protective equipment (PPE) are in effect in Vietnam?

Thank you again for your assistance.

Stay safe and healthy!

With kind regards,

(10)(2e) (10)(2e)

Onderwerp: RE: Priority request on producers of surgical gloves

Dear EZK colleagues,

Greetings from Embassy in Hanoi and Consulate General in Ho Chi Minh City!

Regarding the request of DIO on April 2, we have identified the following potential producers of medical-grade gloves located in Vietnam:

1. VRG Khai Hoan JSC.

Website: <http://www.vgloves.com/en>

Address: Cau Sat hamlet, Lai Hung village, Bau Bang district, Binh Duong province, Vietnam

Contact: (10)(2e) Sale and Marketing executive, Email: (10)(2e)@vrgkhaihoan-gloves.com | (10)(2e)

(10)(2e)

VRG Khai Hoan has experience producing for the EU market with quality certifications according to ISO and CE standards downloadable [here](#). As for general gloves, both latex and nitrile ones are possible for export. As for surgical gloves, they can only export the non-sterile ones. Specifications of each type that they can produce can be found [here](#).

2. Viet Glove (Gang Viet Company)

Website: <https://vietglove.vn/?lang=en>

Factory : No. 3 Land , N. 37 Map, Cau Sat Ham., Lai Hung Com., Bau Bang, Binh Duong province | Tel: +84 274 3535 677/778/ 779 | Fax: +84 274 3535 773 | Email: (10)(2e)@vietglove.vn

Office Add.: No. 180 Su Van Hanh Street, Ward 9, District 5, Ho Chi (10)(2e) City, Vietnam

Contact: (10)(2e) Email: (10)(2e)@vietglove.vn (10)(2e)

(10)(2e)

The company is a manufacturer with quality certification including ISO, FDA and CE marking. They offer nitrile gloves (general type) with CE marketing. (10)(1c)

(10)(1c)

3. Merufa JSC.

Website: www.merufa.vn

HCMC office: 38 Trương Quốc Dung street, ward 8, Phú Nhuận district, Ho Chi (10)(2e) City, Tel: +84 28 37654160 | Fax: +84 28 37654161 | Email: (10)(2e)@merufa.vn

Factory: C64/II, ĐS 8, KCN Vĩnh Lộc, Bình Chánh district, Ho Chi (10)(2e) City

Contact: (10)(2e) (10)(2e)@merufa.vn

MERUFA, formerly known as the MEDICAL RUBBER ENTERPRISE (under Medical Equipment Corporation, Ministry of Health of Vietnam), was built in 1987 cooperation with the Vietnamese government and the UNFPA.

MERUFA is the first and pioneer unit in Vietnam to research, produce and supply to the market the following important health products such as surgical gloves (from Vietnam Latex), manufactured on fully automatic lines; antibiotic corks, infusion bottles manufactured from synthetic rubber, applied injection molding techniques, for pharmaceutical enterprises, and hospitals; some types of catheters and Penrose; and condoms (Condoms) manufactured from Vietnam's natural rubber.

MERUFA was granted a number of ISO certificate (such as ISO 9002-1994 , ISO 9001- 2000, ISO 9001- 2008 version, ISO 9001-2015, ISO 13485 (Medical Devices) certificate) and is applying for CE certification.

Apart from the above, we have contacted other producers of medical-grade gloves in Vietnam. However, they only have quality certifications for the local market, and thus cannot export to the EU markets. These are:

Casumina: www.casumina.com

HTC Gloves: <http://htcgloves.com/>

Nacol (Nam Cuong): <http://nacol.com.vn/>

TTGloves (Toan Tam Company): <https://thegioibaotay.com/>

Vinatoken: <http://vinatoken.com.vn/>

Some other companies only produce latex gloves and for domestic market are: (10)(2e)Phat: <http://www.mifa.vn/> and Tan Xuan Tam: <http://tanxuantam.vn/>.

Please note that Vietnam, in fact, also has to import additional medical-grade gloves for local use, mostly from Malaysia and Thailand, also from Taiwan, China, the US and Japan.

We hope that you the information is helpful for your side. Please let us know should you have any further questions or requests (10)(2e)istance.

The table and further information below contain the specifications of the gloves Dutch hospitals normally use. We are therefore looking for these products, or equivalent ones.

Requested	Currently used product or comparable	Requirements
Surgical	• Sempermed Supreme – all sizes	Latex-low protein, according to
Gloves	Abena Hospicare/Excelent Nitril blue, all sizes	As above, with tensile strength of

All gloves are required to have a CE-marking according to the European Guideline for personal protective equipment (89/686/EEC (2)) (<https://osha.europa.eu/nl/legislation/directives/34>) **and** according to the Directive on Medical Devices (93/42/EEG (10)) (<https://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=CONSLEG:1993L0042:20071011:en:PDF>).

If you identify producers and production locations in your country, we request that you identify a contact at management level and send the available information to our colleagues at EZK:

(10)(2e) (10)(2e), (10)(2e)@minezk.nl
and
(10)(2e) (10)(2e), (10)(2e)@rvo.nl

Kindly include in CC our colleagues at BZ/DIO:

(10)(2e) (10)(2e), (10)(2e)@minbuza.nl
And
(10)(2e) (10)(2e) (10)(2e), (10)(2e)@minbuza.nl

Of course, you can also contact them with questions for clarification about this request.

Many thanks on behalf of EZK and myself for your efforts in helping to provide a sufficient supply to Dutch hospitals!

Kind regards,

(10)(2e) (10)(2e)
