Thanks (10)(2e).

...And it is published today in the Official Gazette. Ventilators, oxygen concentrators etc are made subject to export license: <https://www.resmigazete.gov.tr/eskiler/2020/03/20200326-13.htm>

Thanks (10)(2e)

I was writing an email for (10)(2e) to VWS and needed to know if (10)(2e) is also part of USHAS. Based on your research, the answer is clearly NO. In other words, he does not decide on export-related matters (which is under the purview of USHAS).

It all has to do with (10)(2e) actions with regard to the respiratory equipment. (11)(1)
