[Self-classification of COVID-19 transmission areas.xlsx](#)
[Self-classification of COVID-19 transmission areas instructions.docx](#)

Net met (10)(2e) en (10)(2e) afgesproken dat we nog even niets doen.

De deadline is echter morgen. In de instructie staat "Please note that countries without any detected COVID-19 cases or with imported cases only need not fill in the excel file, but can email as above or notify in EWRS that no community transmission is detected."

Hoe doen we dat? We hebben natuurlijk wel cases en het zijn niet alleen maar imported cases. We hebben dus wel degelijk community transmission volgens de definitie van ECDC.

Je kan kiezen voor country, gaul en nuts 1 tot en met 3.

Is het een optie om dit te rapporteren voor heel Nederland, zonder verdere details.

Misschien kan je morgen nog in het RT bespreken wat we hier mee doen? Ik weet ook niet of dit verzoek ook bij anderen, bijvoorbeeld bij LCI, binnengekomen is en wat zij er mee doen?

Beste (10)(2e),

Dit heb ik kort met (10)(2e) besproken; lukt het jou om dit in te vullen?

Subject: Proposal for self-classification of areas of COVID-19 community transmission in EU/EEA countries

To: National Coordinators

CC: NFPs for Threat detection, EWRS and IHR; NFPs for Preparedness and Response; OCPs for COVID-19

Dear Colleagues,

In an extraordinary meeting of the ECDC Advisory Forum on 2nd March 2020, it was agreed that EU/EEA Member States would move toward a system of self-declaration of areas with ongoing community transmission of COVID-19 so as to allow other Members States to adapt their travel-based testing approaches in the ongoing outbreak. ECDC's proposal is that Member States report the areas which they classify as having ongoing community transmission at NUTS-level, as described in the attached instructions and using the attached macro-enabled excel file. ECDC would collate and share these responses, which MS would update as frequently as the situation changes in their country.

Please provide feedback, if any, on this proposal by close of business Tuesday 10th March.

With kind regards,

(10)(2e), on behalf of ECDC's PHE Team
