Beste allen,

Hieronder staan de details voor als je de online MVNA OneHealth COVID-19 meeting van a.s. vrijdag zou willen bijwonen.

Het wordt een informele meeting, waarbij een aantal mensen kort iets zullen presenteren en waarbij vooral de mogelijkheid wordt gegeven om ervaringen uit te wisselen. Stuur vooral door als je denkt dat iemand geïnteresseerd is om het bij te wonen.

RULES how to use GoToMeeting

Because we are with many persons in one meeting, I would like to ask you to stick to the following rules:

1. Please MUTE your microphone when attending the meeting. Only switch it on when you would like to say something.
2. We kindly ask you to turn OFF your camera as well, when you are not presenting/talking, in this way the online connection will be better.

Thank you in advance.

Dear GB members,

We would like to invite you (and everyone in your institute that is interested) to a MVNA online session dedicated to your experiences with COVID-19.

To be held after the OHEJP ASM: **Friday 29th May 13h00 CEST till (max) 15h00.**

For this session we would like to ask you whether you (or one of your colleagues) would be able to bring in your experiences during the SARS-CoV-2 outbreak.

This could be related to:

- Assistance of vet labs in COVID-19 (public health) diagnosis
- Research activities on COVID-19 (animal health, food, environment)
- Epidemiological work on COVID-19 (like in minks, cats or other animals)

The aim is to have a relaxed meeting, where you are able to share your experience and hear from experiences in other countries.

We are aware that many of you will be very busy working on the outbreak, however, we hope that you (or at least one of your colleagues) would be able to join this meeting.

The meeting is open to all MVNA colleagues that find it interesting, so please share this email within your institutes.

Please, let me know whether:

1. you (and/or others from your institute) would like to join this meeting
2. you (and/or others from your institute) would like to present your institutes experiences (If you would like

to use a presentation: a maximum of 1-5 slides per person)

Please, send your answer before Monday 22th May 2020.

From your input I will try to make a provisional program before the meeting, which can be flexible depending on the discussion/needs.

More information on how to join the meeting will be send later.

Best wishes, on behalf of the MVNA bureau,

(10)(2e)
