Subject: Measures related to COVID-19 for passengers coming to the Netherlands

Dear (10)(2e)

I hope you are doing well.

I would like to check with you one thing related to COVID-19 measures in the Netherlands. I have a friend (10)(2a) working in Amsterdam, in EMA and she is planning to go from (10)(2a) back to the Netherlands soon. She will travel by car, going through (10)(2a). Since (10)(2a) is only a transit country. She is not sure if she could have some restrictions entering Netherlands. Do you have a self-isolation as a mandatory measure in such instances or anything else?

Thank you for your answer in advance and sorry for the inconvenience, if any.

Best regards,
