Bonn, 27 May 2020

Dear Mrs Berg,

I herewith invite you for a follow-up video-conference call to discuss next steps on securing a COVID-19 vaccine supply to the European Union (EU) on:

May, 26th 2020 at 10:00

Italy, France, the Netherlands and Germany will play an important role in making a COVID-19 vaccine available to the EU citizens as early as possible. Focus of our call will be the potential contractual agreement with AstraZeneca (see attachment 1), our approach with the pharma companies of other vaccine candidates (see attachment 2) and next steps.

You will receive the dial-in details for the video-conference in a separate mail on Monday. I am looking forward to speak to you.

Yours sincerely,

(10)(2e)
