**Onderwerp:** RE: Draft Proposal Outline

Dear (10)(2e)

Many thanks once again for taking the lead and helping us finding a common ground to discuss with the industry, and in particular with AstraZeneca.

You may find attached our comments based on the draft sent yesterday night, with again our apologies for the late reply. (10)(2a)

(10)(2a)

FYI we are now finalising the "position paper" with the Dutch, it should reach you all later in the day.

With kind regards,

(10)(2e)

Dear colleagues,

Thank you very much for the intense and fruitful discussion!

Please find attached a proposal for amendments of the outline according to our discussion. (in track-change) This might not yet be perfect in every detail, however - since this is not the text of the contract, but an outline, - the particularly important aspects should be addressed there. If, in your opinion, important aspects are missing or if you do not agree with the wording, we would be pleased to receive your written feedback - ideally in the form of concrete suggestions for wording. In view of the tight time schedule, we look forward to receiving feedback by tomorrow 15:00 so that we can send a consolidated version to everyone.

Kind regards,

(10)(2e)
