Onderwerp: AZ draft Outline
Urgentie: Hoog

Dear colleagues,

following the discussion of our ministers please find attached the Astra Zeneca (AZ) Outline

- in track changes with slight amendments compared to the version of Monday 17:07 (marked in yellow):

(10)(2a)

- clean version

We suggest sending both versions to Astra Zeneca (without yellow mark) for comments. AZ should submit comments until Wednesday (3rd of June) evening. On this basis we can discuss how to proceed. It could be feasible to already block a time slot for a common meeting (proposal: Friday, 5th June, 16-17). Would that suit you?

If you do not agree or if you have any additions or amendments we are happy to receive your input no later than tomorrow 3rd of June 10 a.m. After that we would send the documents to AZ. Again: Many thanks to all for the good cooperation!

Viele Grüße
