Onderwerp: MoU on Vaccine Development

Hi [redacted] (10)(2e),

Sorry again to disturb you during your commute and for the urgent request!

We greatly appreciate any further information and/or context you may have regarding the memorandum of understanding on vaccine development, and, in particular:

1. Any funding mechanism or initial financial pledges
2. Outreach to other states
3. Outreach to companies

We have a copy of the MoU that was on the Dutch government website. Any further info would be greatly appreciated.

Thanks again!

(10)(2e)
