Dear Mr (10)(2e)

we appreciate your update on the interaction with the Commission. Minister Spahn follows the AstraZeneca vaccine contract very closely and has regular meetings on progress with the European Commissioner for Health, Stella Kyriakides, and with European Health Ministers. In the last meeting on Monday this week, the time schedule we agreed on was to solve this week last legal hurdles, present the contract to the steering board and sign until end of this week.

Sincerely, (10)(2e)

Dear Mr. (10)(2e)

I would like to ask for your attention to the email exchange below. (10)(2a)

(10)(2a) (10)(2a)
We now understand that the Commission first wants to send us an invite for a 'tender' to which we can supposedly respond with the resubmission of our draft Funding Agreement. I have spoken with Mrs. Gallina on several occasions and understand that they are working hard on this. (10)(2a)

(10)(2a) and the second payment deadline is due by next Monday.

(10)(2a)

I would highly appreciate if you could asap internally discuss this and provide me with your feedback.

Thanking you in advance for your efforts,

With best regards,

Dearest (10)(2e),

Indeed and my personal, sincere apologies because time is precious for both of us.

We have been working over the weekend, and we are now discussing between the various DGs and Services the final elements of the invite to tender. The matter seems to be more complex than expected.

Once the invite is unblocked I hope we shall be on the right path.

I personally infinitely regret this delay.

Best wishes, s

Subject: RE: Astra Zeneca

Dear Sandra,

Thanks for our constructive dialogue of last Tuesday. As discussed during the meeting, I would appreciate if we could receive the following at your earliest convenience:

- List of names and functions/positions of the people in your team and attending the call
- Your estimated timing of when the first upfront payment to AstraZeneca can be done (which was due on July 3rd)
- Your response to our Draft Funding Agreement proposal (which you aimed for to get to us by yesterday night)

As indicated during our phone conversation, time is of the essence for us, as we are unable to pre-finance all CMO commitments for this Vaccine production which we are delivering at no-profit. Hence, I would like to remind you that a delay in payment will impact on our ability to deliver the quantities within the timelines indicated. The second third of the upfront payment for the 'Initial Europe Doses' is due on July 20th.

In order to accelerate the possibility for the European Commission to make the advance payments, we are proposing to add a short addendum to the current Term Sheet, indicating that the European Commission will take over the commitments from the Coalition Governments for the Term Sheet and will be the responsible party to agree the Funding Agreement

with AstraZeneca. I would appreciate your opinion to this proposal.

Please let me also know asap when we can expect your response to the Draft Funding Agreement, so I can prepare and reserve time with my team for this.

Looking forward to your response.

Dear Sandra, dear (10)(2e)

I would like to introduce to you Mr (10)(2e) from Astra Zeneca. He and his team will be the contact for finalizing the "funding agreement" with the Commission as basis for the subsequent first payments to Astra Zeneca.

Minister Spahn has informed yesterday evening CEO Pascal Soriot of Astra Zeneca about that transition.

As lead for the AZ term sheet for the four partners of the (former) inclusive vaccine alliance, Minister Spahn and our team will be available to support that work. We think that Astra Zeneca offers (dataset of today) a very promising vaccine candidate with positive progress of the clinical development and a reasonable business plan.

Sincerely, (10)(2e)
