[AZ - Process Funding Agreement and upfront payments.docx](#)

Dear (10)(2e) and (10)(2e),  
Yesterday (10)(2e) (10)(2e) asked me to support his team for the coming three weeks, specifically to support the further steps that have to be made in the AstraZeneca deal to be able to pay the first instalment at 2 July. I am pleased to help at this point. (10)(2e) told me that Germany is still in the lead regarding the AstraZeneca deal. I was wondering if you already have a plan(ning) in mind for the coming two weeks?

(11)(1) (11)(1)

When you have made up your thoughts, I would like to discuss that, also to be able to speed up things at our ministry. I am of course also available to think things through together.  
(I sent you this e-mail from my regular account of the Ministry of Finance. A temporary account for me from the Ministry of Health is on its way)  
Kind regards,  
(10)(2e)
