**Received:** Mon 9/21/2020 10:05:24 AM

Hi, [REDACTED]

Thank you for forwarding it . It will be indeed very interesting to see the data coming out of this survey.

I had no big comments. Only a small one/question: why are using age groups with children up to and incl. 19 years?

The legislation in many EU countries defines 18 as age of majority. Doesn't it make more sense to group teenagers up to 18 and then adults from 19 onwards?

Kind regards,  
 [REDACTED]

Hi [REDACTED]

WHO asked the ENPEN network to evaluate serology and prolonged testing of covid 19 among its members

Perhaps you can have a look if the survey covers enough or this are missing, need to be adapted?

we can than use this data in our own investigations as well..

thanks

**Subject:** ESCV/ENPEN SARS-CoV-2 QUESTIONNAIRE for Comments

Dear All

Just to follow up our ENPEN call two weeks ago. I promised that I would send a link to **two draft questionnaires we have been doing on SARS-CoV-2 serology**. It would be great if you have time to look them through (feel free to fill in if you like) and let us know if you spot any issues, or would like to propose any changes..

**Deadline for comments MONDAY 21<sup>st</sup> September by 9am CET.**

Serology survey:

[https://ec.europa.eu/eusurvey/runner/ESCV\\_ENPEN\\_serology\\_survey](https://ec.europa.eu/eusurvey/runner/ESCV_ENPEN_serology_survey)

Prolonged infections:

[https://ec.europa.eu/eusurvey/runner/ESCV\\_ENPEN\\_SARS-CoV2\\_prolonged\\_Infection\\_Survey](https://ec.europa.eu/eusurvey/runner/ESCV_ENPEN_SARS-CoV2_prolonged_Infection_Survey)

Also pdf-copies attached but do note you cannot see the conditionally of questions there.

We are still discussing these with ECDC and WHO EURO – they are also planning a sero survey and were wondering if we could combine our efforts. However, surveys are quite different and we have been very clear re our survey and ownership of it...

Let me know if you have any further thoughts. Would next ENPEN call work on early October (Wednesday 7<sup>th</sup>, 9-10 CET)?

Many thanks in advance!

Best wishes,

5.1.2e

Subject: ENPEN CALL September2020

When: 08 September 2020 08:00-09:30 (UTC+00:00) Dublin, Edinburgh, Lisbon, London.

Where: 5.1.2h

Dear All

I hope you are all doing well and managed to have some time off over the summer. I thought it would be a good time to organise a next ENPEN meeting to discuss some emerging issues including couple of paper options (i.e. enterovirus themed issues coming up in at least two journals – one related to surveillance and one on treatment), surveillance in general and our recently funded ESCV proposal.

I have also attached the notes from our previous meeting as a refresher here, and the comments from COST (very positive; I think we should aim for re-submission in the Spring?).

Do let me know if there is something else you would like to discuss, and hope ZOOM will work for everybody?

5.1.2e is inviting you to a scheduled Zoom meeting.
