Subject: RE: Deal Hologic - The Netherlands

5.1.2e 5.1.2e

Dear 5.1.2e

Thank you so very much for your confirmatory email. I am very pleased to confirm all of the details as noted below.

The one point to add for clarity is regarding the 5.1.1e tests in October that are denoted as 'without consumables'. Please know, we will absolutely do everything that we can to supply the majority of the consumables for this volume. However, as I have advised 5.1.2e, there are a couple of key consumables that are under extreme pressure globally. The situation is very fluid and we are working on remediation of these constraints. We will keep you fully updated as the situation evolves. Best case scenario, we are able to source all the consumables needed to support the 5.1.1e volume – however we need to be very open and honest about the worst case up front. Thank you for understanding this point.

I have advised our legal team of the details and have asked them to mark up the addendum for return post haste. We now look forward to working on the details for execution.

I extend, on behalf of the 5.1.2e our thanks to you and to The Netherlands Government for your faith in Hologic and for your support. I would like to specifically thank 5.1.2e for his efforts and contribution to this successful outcome for The Netherlands.

On behalf of the entire Hologic team, we are very proud to be in a position to support the Government of The Netherlands at this critical time.

Kind regards

5.1.2e

External Mail

Dear 5.1.2e

I really appreciate all your efforts and I understand the pressure we are both on.

As the Government of The Netherlands we highly appreciate our cooperation and your support. Words of thanks, also on behalf of our Minister of Health, Welfare and Sports.

I herewith confirm our deal on behalf of the Government.

Our team (5.1.2e and 5.1.2e) can finalize the details including the addendum with your team, we assume

including 5.1.2e).

We will not use your name in the communication, unless you want it.

We mutually (Hologic and The Netherlands) agree on the following supply of Hologic corona tests on the Panthers:

In September (2020) we run the "normal" 5.1.2b for the month

In October we get supplied: 5.1.2b including all consumables, buffers, etc.

In October we get another 5.1.2b but without consumables

From November 1 till August 13, 2021 we get supplied monthly (5.1.1c) 5.1.2b tests with all consumables, buffers, etc.

In January the Netherlands Government will review and confirm (if we can/want) to extend the contract with another 1,5 month, so till end of September 2021.

The conditions of the supply (terms, prices, etc.) were already set and remain.

With this we confirm a deal mutually agreed (please confirm by reply e-mail) and with great pleasure we work out the details.

Kind regards,

5.1.2e
