H (10)(2e) and (10)(2e)

This is what I have added today (mostly sections 1 and 3 of the main text). Because issues with track changes drove me crazy I stopped using track changes - so check carefully with changes from your doc (10)(2e) Perhaps (10)(2e) or (10)(2e) could now add some more, so that I can work on some more (section 2) tomorrow evening.

We already got a very positive response from (10)(2e) (CC). Lieke feel free to add ideas (no obligation of course).

Have a nice evening.
