**FAN REPLACEMENT AND VALIDATION OF AN
ESCO BSC, PARAMARIBO, SURINAME**

Quotation ID : ID 202584/PE

Date : Sep 29, 2020

GENERAL

Dear 5.1.2e

We herewith have the pleasure in sending you our quotation for decontamination and repair of two microbiological safety cabinets (BSC) type RA2-4H2 (ESCO) in Paramaribo, Suriname. This quote is based on the assumption that the manual (LA2_G2 User_Service Manual Version 5) you have send us, covers the BSC model mentioned in your first email send to us.

SCOPE

5.1.1c

Unit:

Model	SN	Location
RA2-4H2	Unkown	Microbiology
RA2-4H2	Unkown	Microbiology

Schedule:

Because of the decontamination, we strongly advise to have this job done starting on a Friday evening.

Proposed schedule:

- Friday afternoon starting the decon procedure of the first BSC
- Saturday afternoon starting the decon procedure of the second BSC
- Sunday start with the repair of both units
- Monday to finish all

At the moment nothing is scheduled yet, this will be done after order and:

- In consultation with you
- Depending on the availability of the undersigned
- Depending on any travel restrictions
 - o At the moment IATA shows that airports in Suriname are only open for medical and repatriation flights (until Sep 30, 2020, status after that is not yet known).
 - o At the moment Ministry of foreign affairs in The Netherlands require a 10 days quarantine coming from Suriname.

Depending on any travel restrictions (current and/or future) we might require a written statement from your side that travelling is essential. As far as we understood you need the units for COVID related research, this statement should help to allow me to travel to your site. Once the job is scheduled and booked, travel restrictions may change and may require additional measures.

OUR PRICE:

Option 1

Labor, 5 days	5.1.1c	each	€	
Labor, Personal discount, 2 days,	5.1.1c	each	€	
Travel expenses			€	5.1.1c
Total			€	

* Will be charged based on actual cost. If prices at the time of booking / ordering are higher than shown, we will contact you before we book anything.
 Note: If I am able to combine this job with another one, travel expenses will be split.

PRICE CONDITIONS:

Valid until three months after quotation date
 Prices in EUR, excl. 21% VAT
 Including traveling expenses, transport-, insurance-, visa- and labour costs
 Spare parts or replacement materials are not included
 Invoice will be send after completion of the work.

We trust this to have been of service and look forward to receiving your response.

With kind regards,
 Clean Air by Baker
